CSBG-ARRA Funding 2010

Clayton County Community Services Authority, Inc. serving Clayton and Fayette Counties has been awarded new funding under ARRA (American Reinvestment and Recovery Act.) This program was designated to assist families with Foreclosure & Eviction Prevention and Employment Support Services. Through the funding of this Act, we will be able to create (2) two caseworker positions; as well as, one (1) clerical position. The agency is currently in the process of hiring and training employees for this program. Programs will assist families in danger of losing their homes as a result of loss of employment, reduction in work hours. Families will have to complete an initial assessment to determine eligibility for the program, verification of recent crisis situation, if the assistance will help the family maintain current housing or obtain more affordable housing. Families income must not exceed 200% of the federal poverty level, actively seeking employment, or recently obtained employment, and short-term assistance will help them maintain housing and employment. Financial assistance may be provided for up to (3) three months and supportive services may last up to (18) months. Financial assistance and referrals will be provided to other resources and supportive services to eligible households to prevent evictions, foreclosures, disruption of utility services. Supportive services may include childcare, transportation, credit counseling, referrals to banking services, and other services as needed.

Services Available:

- Case Management
